Review of the Group's performance

The Group has two major business segments, namely (i) Security Solutions Business, and (ii) Maintenance and Leasing Business.

Revenue

The Group's revenue increased by approximately S\$620,000 or 36.5% from S\$1.7 million in 1Q-2017 to S\$2.3 million in 1Q-2018.

Revenue from the Security Solutions Business increased by approximately S\$381,000 or 94.3% from S\$404,000 in 1Q-2017 to S\$785,000 in 1Q-2018.

This was mainly attributable to an increase in the sales of security products to customers in the Rest of Southeast Asia⁽¹⁾ and Indochina⁽²⁾ of S\$504,000, partially offset by the decrease in demand for integrated security solutions in Singapore of S\$124,000.

Revenue from the Maintenance and Leasing Business increased by approximately S\$239,000 or 18.4% from S\$1.3 million in 1Q-2017 to S\$1.5 million in 1Q-2018.

This was mainly attributable to the increase in fees earned from the provision of maintenance support services to customers in Singapore.

Cost of sales

Cost of sales increased by approximately S\$489,000 or 56.7% from S\$862,000 in 1Q-2017 to S\$1.4 million in 1Q-2018. This was mainly due to:-

- (a) an increase in direct costs primarily attributable to the increase in demand in the sales of security products to customers in the Rest of Southeast Asia⁽¹⁾ and Indochina⁽²⁾ and
- (b) a higher proportion of integrated security solutions undertaken by the Group, which have a higher cost base relative to revenue.

Gross profit

Gross profit increased by approximately S\$131,000 or 15.7% from S\$836,000 in 1Q-2017 to S\$967,000 in 1Q-2018 due to the factors discussed above. Traditionally, integrated security solutions undertaken by the Group enjoyed lower gross profit margins than the sale of security products and the provision of maintenance and leasing services.

Other income

Other income increased by approximately S\$64,000 or 181.0% from S\$36,000 in 1Q-2017 to S\$100,000 in 1Q-2018. The increase was mainly due to bad debts written back of S\$30,000 and an increase in government grants income received of S\$32,000 under the Productivity and Innovations Credit Scheme.

Finance income

Finance income decreased by approximately S\$88,000 or 94.7% from S\$93,000 in 1Q-2017 to S\$5,000 in 1Q-2018. The decrease was mainly due to the absence in 1Q-2018 of foreign exchange gains of S\$86,000 recognized in 1Q-2017 arising from the appreciation of trade receivables denominated in United States dollar against the Singapore dollar.

⁽¹⁾ "Rest of Southeast Asia" includes Malaysia, Brunei, Indonesia, Philippines and Timor Leste.

⁽²⁾ "Indochina" includes Myanmar, Thailand, Laos, Cambodia and Vietnam.

Administrative expenses

Administrative expenses decreased by approximately S\$154,000 or 10.3% from S\$1.5 million in 1Q-2017 to S\$1.3 million in 1Q-2018. This was mainly attributable to the decrease in:-

- a) employees' remuneration and benefit expenses of S\$87,000 mainly due to lower staff bonuses accrued in 1Q-2018 arising from the losses incurred by the Group during the period;
- b) professional fees of S\$16,000, and distribution and marketing expenses of S\$40,000 due to more favorable arrangement negotiated by the Group.

Other operating expenses

Other operating expenses decreased by approximately S\$9,000 or 71.8% from S\$13,000 in 1Q-2017 to S\$4,000 in 1Q-2018. This was mainly attributable to plant and equipment written off due to obsolescence.

Finance costs

Finance costs increased by approximately S\$26,000 or 184.6% from S\$14,000 in 1Q-2017 to S\$41,000 in 1Q-2018. This was mainly due to a foreign exchange loss of S\$31,000 attributable to the weakening of the United States dollar in which the Group's sales were denominated in against the Singapore dollar.

Tax income

In 1Q-2017 and 1Q-2018, the Group recorded a tax income of S\$91,000 and S\$102,000 mainly due to unutilized tax losses carried forward in 1Q-2017 and 1Q-2018 respectively.

Review of the Group's financial position

Current assets

Current assets decreased by approximately S\$764,000 from S\$9.5 million as at 30 June 2017 to S\$8.7 million as at 30 September 2017. The decrease in current assets was mainly due to:-

- a) a decrease in cash and cash equivalents of S\$1.6 million,

partially offset by:-

- a) an increase in trade and other receivables of S\$502,000 mainly due to an increase in amount due from our contract customers of S\$138,000 for our integrated security solutions and an increase in deferred expenditure of S\$354,000 pertaining to sub-contracting costs prepaid for maintenance support services; and
- b) an increase in inventories of S\$288,000 due to an increase in purchase of parts and components.

Non-current assets

Non-current assets decreased by approximately S\$168,000 from S\$4.4 million as at 30 June 2017 to S\$4.2 million as at 30 September 2017. The decrease in non-current assets was due to the net decrease in plant and equipment of S\$256,000 primarily attributable to depreciation charges, partially offset by an increase in deferred tax assets of S\$89,000.

Current liabilities

Current liabilities decreased by approximately S\$530,000 from S\$4.3 million as at 30 June 2017 to S\$3.7 million as at 30 September 2017. The decrease in current liabilities was mainly due to a decrease in trade and other payables of S\$349,000 arising from payments made in 1Q-2018 to the vendors in relation to the acquisition of Yatai Security & Communications Pte. Ltd. and Avac Systems Pte. Ltd. which was completed on 1 April 2016 (the "Acquisition") amounting to S\$373,000 and a reduction in bank borrowings of S\$123,000.

Non-current liabilities

Non-current liabilities decreased by approximately S\$93,000 from S\$476,000 as at 30 June 2017 to S\$383,000 as at 30 September 2017. This was mainly due to a reduction in bank borrowings of S\$89,000.

Capital and reserves

Capital and reserves decreased by approximately S\$309,000 from S\$9.1 million as at 30 June 2017 to S\$8.8 million as at 30 September 2017. This was mainly due to the Group's loss for 1Q-2018 of S\$220,000 and the cost of treasury shares of S\$89,000.

Review of the Group's cashflows

Net cash used in operating activities

In 1Q-2018, the net cash used in operating activities was approximately S\$787,000, which consisted primarily of operating cashflows before working capital changes of S\$40,000, net working capital outflow of S\$831,000 and interest received of S\$4,000.

The net working capital outflow arose mainly from the following:-

- a) an increase in trade and other receivables of S\$596,000 mainly due to an increase in amount due from our contract customers of S\$138,000 for our integrated security solutions and an increase in deferred expenditure of S\$354,000 pertaining to sub-contracting costs prepaid for maintenance support services;
- b) an increase in inventories of S\$288,000 due to an increase in purchase of parts and components; and
- c) an increase in trade and other payables of S\$53,000 due to suppliers which had remained outstanding as at 30 September 2017.

Net cash used in investing activities

Net cash used in investing activities amounted to approximately S\$380,000 in 1Q-2018 which was mainly due to payments made in July 2017 to the vendors in relation to the Acquisition amounting to S\$373,000 and purchase of computer equipment of S\$6,000.

Net cash used in financing activities

Net cash used in financing activities amounted to approximately S\$371,000 in 1Q-2018 which was mainly due to net repayment of bank borrowings and finance leases in aggregate of S\$271,000, and repurchase of company shares of S\$89,000 and interest paid of S\$11,000.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

According to the Aon Risk Maps for Political Risk, Terrorism and Political Violence 2017 report.^[1], governments today have to deal with the evolution of active groups, potential targets and types of terrorist attacks, which present a complex spectrum of risks and impact that shows little signs of abating.

With persistent threats and continued security concerns in the Asia-Pacific region, the Group believes that the need for countries to stay vigilant would imply that governments would have to continue to purchase, upgrade and replace existing security equipment and systems which in turn will provide demand for the Group's security products and integrated security systems in the longer term.

The Group will continue to actively market its range of security products and integrated security solutions to meet the security needs of its customers in the Asia Pacific region while continuing to engage in cost management measures.

However, customers making adjustments to their budgets due to their internal priorities and procurement cycles for different equipment and solutions may result in unexpected delays and/or requirements in the procurement process and, hence, may affect the placement of purchase orders with the Group. Further, new security products and solutions introduced by the Group would need a certain level of time period to penetrate the market in terms of customer education and needs.

SINGAPORE, 7 November 2017 – IPS Securex Holdings Limited (“IPS Securex” or the “Company” and, together with its subsidiaries, the “Group”), a leading provider of security products and integrated security solutions with an established regional presence in the Asia Pacific, is pleased to announce its consolidated financial results for the first quarter ended 30 September 2017 (“1Q2018”).

1Q2018 Financial Highlights

In S\$'million unless otherwise stated	First quarter ended 30 Sep 2017	First quarter ended 30 Sep 2016	Change (%)
Revenue	2.3	1.7	36.5
Gross profit	0.97	0.84	15.7
Gross profit margin	41.7%	49.2%	(7.5)
Loss before tax	(0.31)	(0.56)	(44.0)
Net loss	(0.22)	(0.45)	(51.6)

Commenting on the 1Q2018 results, Mr Kelvin Lim (林青宋), Executive Director and Group Chief Executive Officer of IPS Securex said, ***“We are happy to see both the Security Solutions Business and Maintenance and Leasing Business segments growing on a year-on-year basis. We will continue to work hard on the marketing of our range of security products and***

integrated security solutions during this challenging time while continuing to manage our expenses.”

The Group’s 1Q2018 revenue increased by approximately 36.5% to S\$2.3 million from S\$1.7 million in the first quarter ended 30 September 2016 (“**1Q2017**”). Both the Security Solutions Business and the Maintenance and Leasing Business recorded revenue gains.

The revenue for the Group’s Security Solutions Business grew approximately 94.3% from S\$404,000 in 1Q2017 to S\$785,000 in 1Q2018, and this was mainly attributable to the increase in the sales of security products to customers in the Rest of Southeast Asia¹ and in Indochina², which was partially offset by a decrease in demand for integrated security solutions in Singapore for the period under review.

The Group’s Maintenance and Leasing Business’ revenue increased by approximately 18.4% from S\$1.3 million in 1Q2017 to S\$1.5 million in 1Q2018. This was mainly attributable to the increase in the fees earned from the provision of maintenance support services to customers in Singapore.

On the back of the increase in Group revenue, gross profit increased by approximately 15.7% from S\$836,000 in 1Q2017 to S\$967,000 in 1Q2018.

Other income increased by approximately 181.0% from S\$36,000 in 1Q2017 to S\$100,000 in 1Q2018 and the increase was mainly attributable to bad debts written back and an increase in government grants income received under the Productivity and Innovations Credit Scheme.

Administrative expenses decreased by approximately 10.3% from S\$1.5 million in 1Q2017 to S\$1.3 million in 1Q2018. This was mainly attributable to the decrease in employees’ remuneration and benefit expenses mainly due to lower staff bonuses accrued in 1Q2018 arising from the losses incurred by the Group during the period, and lower professional fees

¹ Rest of Southeast Asia includes Malaysia, Brunei, Indonesia, Philippines and Timor Leste.

² Indochina includes Myanmar, Thailand, Laos, Cambodia and Vietnam

and distribution and marketing expenses due to the Group's negotiation for more favorable arrangements.

Other operating expenses decreased by approximately 71.8% from S\$13,000 in 1Q2017 to S\$4,000 in 1Q2018 as plant and equipment were written off due to obsolescence.

Finance costs increased by approximately 184.6% from S\$14,000 in 1Q2017 to S\$41,000 in 1Q2018 mainly due to foreign exchange loss attributable to the weakening of the United States dollar in which the Group's sales were denominated against the Singapore dollar.

As a result of the above, the Group recorded an overall net loss of S\$0.22 million in 1Q2018, an approximate 51.6% decrease from S\$0.45 million in 1Q2017.

Financial Position

As at 30 September 2017, the Group had net assets of approximately S\$8.8 million, as compared to S\$9.1 million as at 30 June 2017. Cash and cash equivalents as at 30 September 2017 stood at approximately S\$3.4 million compared to approximately S\$4.9 million as at 30 June 2017.

Looking Ahead

Today, governments have to deal with the evolution of active groups, potential targets, and types of terrorist attacks and this presents a complex spectrum of risks and impact, with the situation showing little signs of abating, according to the Aon Risk Maps for Political Risk, Terrorism and Political Violence 2017 report³.

With persistent threats and continued security concerns in the Asia-Pacific region, the Group believes that for countries to stay vigilant, their governments would have to continue to purchase, upgrade and replace existing security equipment and systems. This in turn, will

provide demand for the Group's security products and integrated security systems in the longer term. As such, the Group will continue to actively market its range of security products and integrated security solutions to meet the security needs of its customers in the Asia-Pacific region while managing costs.

However, as the Group's customers make adjustments to their budgets due to their internal priorities and procurement cycles for different equipment and solutions, unexpected delays and/or requirements in the procurement process may result and affect the placement of purchase orders with the Group.
